## ACTION ON DECISIONS OF CONGRESS

This paper recommends action to implement the decisions of Congress. It covers Reports, Motions and Rule Amendments that were Carried or Referred and indicates the Region, Section or Department who will have the lead responsibility for following through these decisions. In some cases action may be already under way

**The Report also shows action on all Existing Policy motions which remains part of the continuing work of the Section or Department**

All Rule Amendments carried by Congress are actioned by the General Secretary and the Executive Officer.

Progress on motions will be discussed at the appropriate Committee. Departmental Meetings:

- Motions allocated to National Departments will be discussed at CEC Sub Committee
- Motions allocated to Sections will be discussed at Section National Committees.
- Motions allocated to the SMT will be discussed at SMT Meetings

In addition, in line with Motion 7 agreed by Congress 2015 a progress report on all carried motions from Congress 2016 will be made available to GMB members on a secure Members area of the National website. This report will be kept updated.

If any GMB member or Branch would like further information on the progress of their motion or have any policy enquiries, please contact [policy@gmb.org.uk](mailto:policy@gmb.org.uk)

The key to the recommendations is as follows:

<b>CEC</b>	To note and take into account in its deliberations (such as in deciding what issues to press and how to vote at TUC Congress and Labour Party Conference)
<b>GS</b>	To be noted, actioned or taken into account by the <b>General Secretary</b> (GS) and the appropriate department(s) of National Office or the National Administration Unit (NAU).
